

Game Title

Iron Command: Siege Town

Core Idea

A top-down strategy game where players rebuild and defend a town as a military commander, managing resources, upgrading defenses, and fighting off enemy attacks.

Core Gameplay Loop

Rebuild town → Train units → Defend against attacks → Earn rewards → Upgrade base and army → Expand and repeat.

Key Features

Base building and repair system, tactical combat with soldiers and tanks, defense structures like walls and turrets, and a strong progression system.

Multiplayer

Co-op mode where a friend joins as a second commander, and PvP mode to attack other players' towns.

Monetization

Upgrade speed boosts, premium units and skins, battle pass, and resource packs.

Retention

Daily missions, special events, multiplayer gameplay, and leaderboards.

Visual Style

Semi-realistic military visuals with top-down perspective and dynamic combat effects.
